

Kumon Completer

Veasna Gunawan

Veasna, age 11 and just starting Grade 6, has completed the Kumon English Programme in 5 years and 9 months at the Kumon Point Cook Education Centre. Veasna enrolled at Kumon when she was in Prep, starting off her Kumon journey at level 6A in the Kumon English Programme.

"When I was in Grade 3, I found it really difficult to keep up with my Kumon homework. However, I motivated myself to *Never Give Up* as I realised that Kumon is going to benefit me and that I had to push on for myself and no-one else," she said.

Veasna feels school a whole lot easier as a result of her Kumon studies. She often helps her classmates whenever they need help. She says that "I am more responsible and manage my own learning as a result of joining Kumon." Veasna is thankful to her parents for motivating her, and to her Kumon Instructor and staff for their guidance during her enrolment.

Her advice to other Kumon students is: "Never lose faith in yourself no matter the difficulties you face along the way! You will realise at the end that all your hard work and dedication will be for your own benefit".

Comments from Point Cook's Instructor: Devani

Veasna is a wonderful example of what can be accomplished through the Kumon programme for a young learner. Veasna, like her fellow Kumon Completers, is a really disciplined student, who always completed her Kumon homework diligently. Like other Kumon Completers, Veasna too owes a lot of her success to her parents who offered unwavering support during her Kumon journey.

Veasna has been exposed to a wide variety of genres and senior high school literature at Kumon at a really young age. She has developed a love for reading which I believe will allow her to excel in all of her subjects at school. My very best wishes for a wonderful future Veasna!
